**DETAILED ACTION**

***Reasons for Allowance***

1. Claims 1-20 are allowed.

**2. Examiner's Statement of Reasons for Allowance:**

Applicant(s) invention relates to a power supply for an automobile, and more specifically, to a power system with two batteries. Applicant(s) amendment overcomes prior Office rejection.

The system has two batteries with a switching arrangement and an inverter. The system has a controller for controlling switching in a predetermined manner.

There are inventions in the field that provide similar functionality and/or have similar features, as prior art of record shows. Applicant(s) invention differs from the prior art of record by its control scheme of a dual power supply system for an automobile, which is performing as disclosed and claimed and which examiner's search failed to find.

It appears that present invention is an improvement over applicant(s)' earlier inventions of the record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
